Arjun Pradeep

Junior Python Django Full-Stack Developer

"I'm passionate about web development and aspire to start my career as a Python Django Full Stack Developer. I've honed my skills in Python, Django, HTML, CSS, and JavaScript through education and personal projects. My goal is to join a collaborative team, continually learn, and use my skills to create innovative web solutions."

WORK EXPERIENCE

Luminar Technolab (February 10, 2023 - Present)
Intern
A leading software training firm in Kerala, where I gained hands-on experience and contributed to various projects.

PROJECTS

HopeHospital Website
Django,Python,SQLite,Django Modules,Html,CSS

"Developed a comprehensive hospital management website using Python, Django, HTML, CSS, and Bootstrap. Designed an intuitive front-end interface enabling users to access doctor, nurse, and department details, and facilitated online medicine purchases. Implemented robust authorization controls to safeguard patient data, ensuring strict data privacy and security."
