ACADEMIC PROJECTS

• Android Coach

"Android Coach" is a mobile application that handles the entire process of coordinating a sport team. It eases the process of sport team coaching and also handles almost all the activities in a sport team. The application utilizes the facilities available in a Smartphone to fulfill its features. Guiding athletes and teaching them the correct way to play a sport is the job of a Coach. These are professionals who study the rules, techniques and other technical aspects of a game. They work with children, high school, college and adult or professional athletes. Coaches are responsible for planning, organising and delivering an appropriate range of sports activities and programmes for individuals and teams.
