2015-2016	SKV HR SEC SCHOOL 10th 97.5%

Technical Skills

Python

MySQL

CoreJava

HTML

Soft Skills

Good communication

Quick learning

Adaptability

Languages

English

Tamil

Certificate

Python

Projects

Smart Attendance System

It detects two to three persons at a same time and checks with pre-data in database.

If it matches with pre-data then it will put an entry of that person.

And then it saves the data in Excel sheet and send message to their officiala.

Through this lots of fake attendance can be avoided.

More accuracy and lots of time will be saved using this.

Achievements & Awards

Participated in workshop on 'GRAPHENE AND ITS DERIVATIVES IN 3D PRINTING' in KIOT college.

Participated in workshop on 'MODERN ANTENNA DESIGN' in KSR.

Participated in paper presentation on smart attendance system in Karpagam institute of technology.
