

GEORGE GEO

OBJECTIVE

My objective is to actively contribute to the development of advanced software solutions within a collaborative and dynamic team. With a strong emphasis on quality, efficiency, and user satisfaction, I am committed to continuously improving my skills and delivering impactful software products that address the evolving needs of both individuals and businesses.

PROJECTS

Mini Project- VServ

The vServ is an online platform designed to connect users with a wide range of domestic service providers who can efficiently address their home-related needs. The website offers convenient access to various services such as plumbing, household work, electrical repairs, painting, gardening, and more, all delivered directly to the user's doorstep.
