## Projects

---

- Online Shopping Cart**  
Is a shopping site for purchasing the product easily and simply and we can add more product easily.Add the

products and make profit easily.

- **Deepfake Detection Through Deeplearning.**

DeepFake technology is incredibly advance and can easily confuse humans between a real and a fake video. It has a great potential in entertainment, gaming and other various fields if used responsibly. Our application provides you a platform were you can detect your own DeepFake video by uploading the real or fake video.

#### **Interests**

---
