ShortStory writting, Story Telling, Essay writting, Elocution Competition- Won various prizes)

- Participated in Sub_District Work Experience and Science Exhibition(Beads Work - Won 2nd prize)

Academic Projects:

1.Disaster Management Site

Language: ASP DotNet(Visual Studio 2010) with C#

Back End: Microsoft SQL Server.

Disaster management site aims to reduce, or avoid, the potential losses from hazards, assure prompt and appropriate assistance to victims of disaster, and achieve rapid and effective recovery.

The disastermanagement site documents the ongoing process by which governments, business,and civil society plan for and reduce the impact of disasters, react during and immediately following a disaster,and take steps to recover after a disaster has occured.

By using this site one can register :-

- a relief camp
- as a volunteer
- as a contributor
- as a damage assesment volunteer ? as an emergency volunteer

2.OSN Filtered Wall

Language: Python Django with PyCharm IDE

Back End: SQLite.

An OSN is a web-based service that allows individuals to construct a public or semi_public profile within the service, Articulate a list of other users with whom they share a connection and View and traverse their list of connections and those made by others within the service. The main goal of the system is to design an online message filtering system that is deployed at the OSN service provider side. Once deployed, it inspects every message before rendering the message to the intended recipients and makes immediate decision on whether or not the message under inspection should be dropped. The aim of the present work is therefore to propose and experimentally evaluate an automated system, called Filtered Wall (FW), able to filter unwanted messages from OSN user walls. We exploit Machine Learning (ML) text categorization techniques to automatically assign with each short text message a set of categories based on its content. First the message is filtered with filtering rules.

3.Tutorial Website(For BCA students)

Language: C# DotNet(Visual Studio 2010)

Back End: MySQL

A website for BCA students who face the difficulties in the programming world. It is a web based application. It includes lecture notes and various assignments related to new BCA syllabus. Also we provide previous years question paper and referring books. The website include program in C which is very useful to the BCA beginners.

Computer Exposure:

Operating Systems : Windows 10, 8, 7, Ubuntu 16.04, 14.04.

Office Package : Ms_Word, Power Point, Libreoffice Impress, LibreOfficeWriter.

Database : MySQL, MS SQL,SQLite

Languages : C , C++ , Java, PHP , HTML5, Python , CSS, JavaScript,jQuery,XML,JSON

Tools Handled : Visual Studio 2010, NetBeans IDE, SciLab,PyCharm,Django

Hobbies:

- Reading
- Writting Articles
- Art
- Social Networking
- Coding
- Learning new things

Strength:

- Result Oriented
- Sharp Learner
- Hard Working
- Communicating
- Leadership
- Responsible
- Listening
- Organizing
- Personal Management
- Team Work Skills
- Initiative
- Attention to details

Personal Details:

Father's Name : George A.T

Mother's Name : Thressiamma Joseph

Gender : Female

Age : 26

Languages Known: English(R,W,S),Malayalam(R,W,S),Hindi(R,W).

Permanent Address: Edathinakam(H)

Channokund

Thadikkadavu(PO)

Kannur(Dt),

Pin: 670581
