PROFILE

I am self taught full stack developer and highly passionate to learn new technologies

SKILLS

- HTML,CSS,JS
- Node js express js
- Angular
- SQL
- Mongo DB
- WordPress Plugin
- Git
- AWS
- Azure AD
- Rest API
- PHP
- Firebase

EXPERIENCE

SOFTWARE DEVELOPER

Agaze Technologies, Bengaluru

2023 May - Present

- WordPress Plugin Development & Testing: Developed and tested custom WordPress plugins, ensuring functionality and client satisfaction.
- Angular Web App Development: Contributed to dynamic web applications with Angular, improving user experience and performance.
- Cloud Expertise (Azure AD and AWS): Managed and optimized cloud infrastructure on Azure AD and AWS, ensuring security and scalability.
- Mobile App UI Design: Designed user-friendly mobile app interfaces in Figma, enhancing overall usability and aesthetics.

NODE JS INTEREN

Brototype ,Kochi

2022 Aug - 2023 March

- Node.js Project Development: Successfully completed a comprehensive Node.js project from concept to deployment. Designed and developed a web application using Node.js, Express.js, and MongoDB as the database. The application showcased strong data retrieval and manipulation capabilities.
- Web UI Design: Utilized Figma to create visually appealing and responsive user interfaces for web applications. Collaborated with the development team to ensure seamless integration of the UI designs into the final product.
- AWS Hosting: Managed the deployment and hosting of the web application on Amazon Web Services (AWS). Implemented cloud resources, ensuring scalability and high availability for the application.

EDUCATION

DIPLOMA IN COMPUTER SCIENCE

Carmel Polytechnic college,Alappuzha

2017-2020
